2018 Northarvest Bean Elections

District 1 (ND), District 4 (ND) and District 7 (MN) director positions on the Northarvest Bean Growers Association are up for election in 2018. The elections are being conducted through mail ballot. After committee review, the election results will be announced at the 43rd Annual Bean Day.

Any dry bean producer who plants or causes to be planted a dry bean crop in which the person has an ownership interest, with the intent that upon maturity the crop will be harvested within the district, and resides within that district, may become a candidate for the Association.

Northarvest Election Districts
